Why Camping?

FREECAMPING is an initiative to promote Outdoor Learning and Camping amongst the young age students of schools.

With the initiative of **FREECAMPING**, our aim is to encourage young minds towards nature centric learning and adventure camping.

Modern youth is highly influenced by technology and social media, And it has impacted badly on their all-round development.

We visualise active and innovative participation of young boys and girls, Where they would be learning valuable life lessons from this wilderness camping.

Invincible - the NGO owns well-set campsites at Polo Forest and Saputara.

We welcome all interested to come and camp, learn and explore.

In the lap of mother nature, and beneath the shining stars, what the experience teaches is much much better than a classroom!
