About Dangs

Dangs is the jewel of South Gujarat. After the very first rain of the season, the whole area comes out with full of greenery, waterfalls and other natural beauty. Explore Untouched Places and Waterfalls & Feel the Thrill of Exploring the Sahyadri.

Situated on the Waghai - Saputara highway, **Gira Falls** are the largest natural waterfalls of Gujarat. In the rainy season, the gushing falls on the Ambika river becomes the most enchanting tourist spot of the season. Gira waterfall is indeed a good start to the tour if one is on the way to Saputara.

Don Hill Station is undoubtedly the most scenic place of this trekking trip. The twin waterfalls: Don Waterfall & Gaumukh Waterfall were quite a lesser known places to the outer world until Team Invincible explored it and brought to the people who love nature. Now it is on the bucket list of every traveller, but it is hidden inside the forest.

Gujarat's highest waterfall - **Girmal Waterfalls** & U Turn Point adds more charm to this excursion to waterfalls in the Dangs!
